ACADEMIC TRANSFER DEGREE PROGRAMS

UNIVERSITY BACHELOR'S DEGREE TRANSFER PROGRAMS

A student who intends to transfer to a four year college or university after attending Pearl River Community College should follow a university (academic) bachelor degree transfer program of study. A student following a transfer program of study has the opportunity to earn the Associate in Arts degree and can typically transfer up to one-half of the total semester hours required for a bachelor's degree at a university or four year college. A PRCC student may transfer into any of the bachelor's degree programs listed below that have been approved by the Board of Trustees of State Institutions of Higher Learning to be offered at public universities in Mississippi. Many similar programs are also available at private colleges in Mississippi and at public and private colleges and universities in other states. Since the courses required for these programs vary from one university to another, Pearl River Community College does not list specific course requirements for them. The student is advised to consult the catalog of the university offering the program and to seek advisement from an academic counselor or a faculty member in the PRCC department that is shown. Universities and PRCC departments are identified at the end of the program listing. (This listing is based on information obtained from the Board of Trustees of State Institutions of Higher Learning at <u>www.ihl.state.ms.us.</u>)

Footnotes:

- 1. A student planning to study in one of these professional areas should select a bachelor's degree program and elect specific courses as required for admission by the appropriate professional school. Dentistry and medicine are available at the University of Mississippi Medical Center, as are upper division/professional master's programs in occupational therapy and physical therapy. Law and pharmacy are available at the University of Mississippi State University.
- 2. Students in these programs are advised by the Academic Counselors.
- 3. These professional programs are available only at institutions outside of Mississippi.

The information presented in the chart above was obtained from the website of the Mississippi Board of Trustees of State Institutions of Higher Learning and was current in January, 2006. For the latest information, a student is advised to go to the Board's website at http://www.ihl.state.ms.us/Academic Affairs1/default.asp or to the website of a university offering a particular degree program.

ACADEMIC BASIC CORE

A student who is working toward a bachelor's degree but has not yet decided upon a degree program (major field of study) is usually advised to follow the basic core curriculum during the freshman year. It is suggested that all students choose a major field of study before beginning the sophomore year. Failure to do so may result in the student taking courses that do not apply toward the chosen bachelor's degree program.

ENGLISH: English Composition I - ENG 1113 English Composition II - ENG 1123	3 hours 3 hours
MATHEMATICS: College Algebra - MAT 1313 or higher numbered course	3 hours
NATURAL SCIENCES: Select from Biology, Chemistry, Physical Science or Physics (6 hours lecture, 2 hours laboratory)	8 hours
<u>COMPUTER SCIENCE</u> : *Introduction to Computing with Business Applications - CSC 1113 or higher or BAD 2533 (NOTE: A student may not apply both CSC 1113 and BAD 2533 toward a degree.)	3 hours

SOCIAL AND BEHAVIORAL SCIENCES: Select from History, Economics, Political Science, Psychology, Sociology, and Geography		6 hours
HUMANITIES: Literature Select from Foreign Language, History, Philosophy, or another Literature course	3 hours	3 hours
<u>FINE ARTS</u> : Music, Art, or Theatre Appreciation		3 hours
<u>COMMUNICATION</u> : Oral Communication - SPT 1113 or Public Speaking - SPT 2163		3 hours
PHYSICAL EDUCATION or ACTIVITY COURSES	Total in Basic Core	2 hours 40 hours

*See Requirements for Graduation. This requirement is waived for a student who demonstrates computer proficiency by passing an examination or by providing acceptable documentation of computer-related work experience.

NOTE: To complete the minimum of 64 hours required for graduation at least 24 hours of electives should be selected that apply toward the bachelor's degree program into which the student intends to transfer. The student should consult the catalog of the college or university offering the bachelor's degree and with an advisor in the PRCC department identified in the list above. Failure to do so may result in taking courses that will not apply toward the chosen bachelor's degree.
