

## Connecting a Chromebook to the new PRCC WiFi

1. Click on the clock to open the settings menu.

2. Click on the wireless icon to display a list of available wireless networks.
3. Click on "PRCC" to select the new network. A Settings window will appear.

4. In the "EAP method" dropdown, select **PEAP**.
5. Scroll down to the "Identity" text box and enter your username.
6. In the "Password" text box enter your password.
7. Click "Connect"
8. You are now connected to the network.
