

# WELCOME TO STEM CLUB

# STEM CLUB MISSION:

**Our Mission is to inspire, engage, strengthen, and develop our student's skills in the areas of Science, Technology, Engineering, and Mathematics. It will provide enrichment opportunities for students to apply knowledge outside of the classroom, and give students the opportunities to further their exploration of STEM disciplines. In addition, this club will offer students contacts in their desired fields, career advisement and education, and promote academic and professional networking. Students will also be given an informal environment to work on inquiry-based STEM activities. It will also give students an opportunity to give back to the college and the community. Students will also have a unique opportunity to organize seminars, participate in workshops, and possibly some research.**

# Make sure you have signed up for the STEM Text:

- You can either download the REMIND app for free or you can just text: 81010
- In the message box type: @98434de
- This will sign you into the STEM text messaging system; All meetings and activities will be sent through this system.

# How to become a STEM member:

- Fill out the STEM membership form (you have to fill out a new one each year)
- Pay your dues – Dues are waived this year due to covid (Aug. 2021-May 2022)
- Your GPA has to be a 2.5 or above; You need to maintain a “C” or above in all STEM related classes.
- You must be a current student of PRCC with a minimum of 6hrs.
- You have to display the “Wildcat Way”: Pride, Respect, Class, & Character
- You will be asked to assist with the PRCC Winter Wonderland in November of each year, the Science Olympiad (a Saturday in Feb.) and/or the PRCC Math competition in the Spring
- All rules are listed on the PRCC homepage for Clubs and in our canvas STEM club page

# Events in STEM:
