23-Aug-21	Ongoing Virtual Opportunity	Office of Professional Development	Financial Connection	<a href="#">Finance for Females</a> The goal of this webinar is to help attendees understand the relationship between women, money, investing, and other financial topics. This subject continues to grow in importance for many reasons we will discuss. It is also worth noting that men have a vested interest in understanding this topic because, in many cases, women impact the financial aspects of their daily lives.
